CALIFORNIA FIG SYRUP CO.

Having met with the highest success in the manufacture and sale of the excellent liquid laxative remedy, Syrup of Figs, it has become important to all to have knowledge of the Company and its products. The great value of the remedy as a medicinal agent, and of the Company's efforts, is attested by the sale of millions of bottles annually and by the high approval of most eminent physicians.

The California Fig Syrup Co. was organized more than twelve years ago, for the special purpose of manufacturing and selling a laxative remedy, which would be more pleasant to the taste and more beneficial in its effects than any other known. In the process of manufacturing, figs are used, as they are pleasant to the taste, and healthful in their tendencies, but the medicinal properties of the remedy are obtained from an excellent combination of plants known to be medicinally laxative, and to act most beneficially.

If in the enjoyment of good health, and the system is regular, then laxative or other remedies are not needed. If afflicted with any actual disease one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

Sarsaparilla Sense.

Any sarsaparilla is sarsaparilla. True. So any tea is tea. So any flour is flour. But grades differ. You want the best. It's so with sarsaparilla. There are grades. You want the best. If you understood sarsaparilla as well as you do tea and flour it would be easy to determine. But you don't. How should you?

When you are going to buy a commodity whose value you don't know, you pick out an old established house to trade with, and trust their experience and reputation. Do so when buying sarsaparilla.

Ayer's Sarsaparilla has been on the market fifty years. Your grandfather used Ayer's. It is a reputable medicine. There are many sarsaparillas. But only one Ayer's. IT CURES.
